# Scopus ma'lumotlar bazasi

https://www.scopus.com/search/form.uri?display=basic#basic

The image shows the Scopus search interface. At the top, there's a navigation bar with icons for back, forward, home, and search. The URL https://www.scopus.com/search/form.uri?display=basic#basic is displayed. Below the navigation bar is the Scopus logo and a "Start exploring" button. A horizontal menu bar includes "Documents", "Authors", "Researcher Discovery", "Organizations", and "Search tips". Below the menu is a search form with a dropdown "Search within" set to "Article title, Abstract, Keywords" and a main search input field labeled "Search documents \*". There are also buttons for "Add search field", "Add date range", and "Advanced document search". To the right of the search form is a "Search Q." button. Below the search form are links for "Search History" and "Saved Searches". A large search icon with a magnifying glass is centered below these links. Text next to it says "Start searching and your history will appear here. If you need help to start searching, see our search tips." At the bottom of the page, there are sections for "About Scopus", "Language", and "Customer Service". The "About Scopus" section includes links for "What is Scopus?" and "Content coverage". The "Language" section includes links for "日本語版を表示する" and "查看简体中文版本". The "Customer Service" section includes links for "Help" and "Tutorials". At the very bottom, there are standard browser navigation buttons for back, forward, search, and refresh.

# Web of Science ma'lumotlar bazasi

The screenshot shows the homepage of the Clarivate Master Journal List. At the top, there is a navigation bar with links for 'Products', 'Welcome, Fakhreddin Abdikarimov', 'Settings', and 'Log Out'. Below the navigation bar, a large banner reads 'Browse, search, and explore journals indexed in the Web of Science'. A descriptive text explains that the Master Journal List is an invaluable tool for finding journals across multiple indices, curated by experts. It highlights the 'Web of Science Core Collection' and other specialty collections like 'Biological Abstracts', 'BIOSIS Previews', 'Zoological Record', and 'Current Contents Connect'. Below the banner is a search bar with the placeholder 'Search Journal, ISSN or title word...' and a blue 'Search Journals' button. To the left of the search bar is a small icon of a document with a double-headed arrow. To the right, there is a 'Match Manuscript' button and a blue circular icon with a white question mark. The bottom of the page features a series of small navigation icons.

# ORCID ma'lumotlar bazasi

The screenshot shows the official website for ORCID (https://orcid.org). At the top, there is a navigation bar with links for 'SIGN IN/REGISTER', 'English', 'Search...', and several other menu items like 'ABOUT', 'FOR RESEARCHERS', 'MEMBERSHIP', etc. Below the navigation, a large green banner features the ORCID logo and the tagline 'Distinguish yourself in three easy steps'. The banner also contains a descriptive text about how ORCID provides a persistent digital identifier that connects a researcher's professional information across various platforms.

ORCID provides a persistent digital identifier (an ORCID ID) that you own and control, and that distinguishes you from every other researcher. You can connect your iD with your professional information — affiliations, grants, publications, peer review, and more. You can use your iD to share your information with other systems, ensuring you get recognition for all your contributions, saving you time and hassle, and reducing the risk of errors.

# MiKTeX dasturi

The screenshot shows a web browser window displaying the MiKTeX download page at <https://miktex.org/download>. The page title is "Getting MiKTeX". It provides instructions for selecting operating systems and building MiKTeX if unsupported. A download menu for Windows, Mac, Linux, Docker, and All downloads is shown, with the Windows option selected. Below the menu, there are links for Installer, Portable Edition, and Command-line installer. A note says, "To install a basic TeX/LaTeX system on Windows, download and run this installer." The footer includes copyright information for Christian Schenk and links for License, Privacy Policy, Datenschutzerklärung, Widerrufsbelehrung, and Impressum.

# TexStudio dasturi

The screenshot shows a web browser displaying the official TexStudio website at <https://www.texstudio.org>. The page features a dark purple header with the TexStudio logo and a sub-header "LaTeX made comfortable". Below the header is a navigation menu with links to Home, News, Features, Download, Participate, and About. The main content area has a white background. It starts with a "Welcome to TexStudio" message, followed by a brief description of the software's purpose and features, and a note about its open-source nature. A "Download now" button is prominently displayed, leading to the Windows installer. To the right of the text is a small screenshot of the TexStudio interface showing a LaTeX editor window. Further down, there is a "News" section listing several recent releases with their dates and descriptions.

Welcome to TexStudio

TexStudio is an integrated writing environment for creating LaTeX documents. Our goal is to make writing LaTeX as easy and comfortable as possible. Therefore TexStudio has numerous features like syntax-highlighting, integrated viewer, reference checking, and various assistants. For more details see the [features](#).

TexStudio is open-source and is available for all major operating systems.

2023-12-05 A bug fix release TexStudio 4.7.1 is available, see [changelog](#). OSX users reported mal-function of ttx on some systems. This version uses Qt 6.6.0 again which seems to work.

2023-12-02 A new release TexStudio 4.7.0 is available, see [changelog](#).

# Overleaf onlayn platformasi

The screenshot shows the Overleaf web interface with a LaTeX project titled "manuscript.tex". The left sidebar displays the file structure and a "File outline" section containing sections like Introduction, Methods, Result, Discussion, Acknowledgements, Conclusions, Data Availability Statement, Author Contributions, and Conflict of Interest. The main workspace shows the LaTeX code for the manuscript, which includes a header with copyright information, a LaTeX Project Public License, and a template article for the "cas-dc" document class. The right side of the interface shows the rendered PDF output of the document, which is a blank page with the title "The title of the Article" and a section titled "ABSTRACT". Below the abstract, there are sections for Introduction, Methods, Results, Discussion, and Acknowledgements, each with their respective content. A small Elsevier logo is visible at the bottom of the PDF page.

# GrindEQ dasturi

The screenshot shows a web browser displaying the GrindEQ website at <https://www.grindeq.com>. The page features a dark header with navigation links for 'GrindEQ', 'Products', 'Store', 'Online Service', 'Downloads', 'Support', and 'Login'. Below the header, there's a large image of a flower. The main content area has two prominent boxes: 'Word-to-LaTeX' (blue background) and 'LaTeX-to-Word' (red background). Both boxes contain text describing the conversion process and supported features.

**Word-to-LaTeX**

Word-to-LaTeX converts Microsoft Word documents to LaTeX, AMS-LaTeX, Plain TeX, or AMS-TeX format.

Convert your Microsoft Word documents to LaTeX or TeX; Convert equations (Microsoft Equation, Equation Editor 3.x, and MathType) in editable form; Prepare equations for publication on the Internet using the optional MathJax compatibility mode; Convert tables, lists, headers/footers, cross-references, etc.; Export Images in PS/EPS/PNG/JPEG format; ANSI, OEM, MAC, Unicode, and UTF-8 encoding are supported; Convert a whole Microsoft Word document or a selected part.

**LaTeX-to-Word**

LaTeX-to-Word converts LaTeX, AMS-LaTeX, Plain TeX, or AMS-TeX documents to Microsoft Word format.

Convert your TeX and LaTeX documents to Microsoft Word; Choose either Microsoft Equation, Equation Editor 3.x, or MathType format for converted equations; BibTeX emulator is included; LaTeX cross-referencing and Microsoft Word cross-referencing fields are supported; Import Images, including PostScript; ANSI, OEM, MAC, Unicode, and UTF-8 encoding are supported; Convert a whole LaTeX document or a selected part.

# Scribbr onlayn platformasi

The screenshot shows the Scribbr referencing generator interface. At the top, there's a navigation bar with links for FAQ, Contact, Log in, and Search. Below the navigation is a main menu with categories: Proofreading & Editing, Plagiarism Checker, Referencing Tools, AI Writing, and Knowledge Base. A yellow banner at the top of the main content area says "Your references will expire in 30 days. Save your work by creating a free account. Sign up".

The main content area is divided into two main sections: "Citation Generator" on the left and "References" on the right.

**Citation Generator:** This section includes a "My Lists" button, an "Alphabetically" sorting option, and a "References (21)" link. It also features a "Cite and summarize any page or article blazingly fast." input field with a "Cite with Edge" button, and a preview window showing a snippet of a New York Times article with "Cite" and "Summarize" buttons.

**References:** This section shows a list of references starting with "Harvard Cite Them Right 12th edition English". It includes buttons for "Sync to Google Docs", "Export to Word", and an ellipsis (...). Below this is a search bar with the placeholder "Cite a webpage, book, article, and more" and a "Search by title, URL, DOI, ISBN or keywords" input field. To the right of the search bar is a large orange "Cite" button. Further down, there are buttons for "Cite with Edge", "Upload PDF", and "Cite manually". A specific reference entry for "A fractional porous medium equation" is shown, labeled "Just cited". This entry includes buttons for "DOI", "Edit", and an ellipsis (...), and tabs for "Cite", "Summary", "Note", "Paraphrase", and "Other works".
