

Would you like to travel to  
space? Why or why not?

The background is a piece of crumpled white paper. At the top, there are two identical hand-drawn space scenes. Each scene features a central planet with a ring, flanked by two smaller planets, and surrounded by several small dots representing stars. At the bottom, there are two identical hand-drawn space scenes. Each scene features a central planet with a ring, flanked by two smaller planets, and surrounded by several small dots representing stars. The text is centered in the middle of the page.

How do you think people  
feel when they see Earth  
from space?

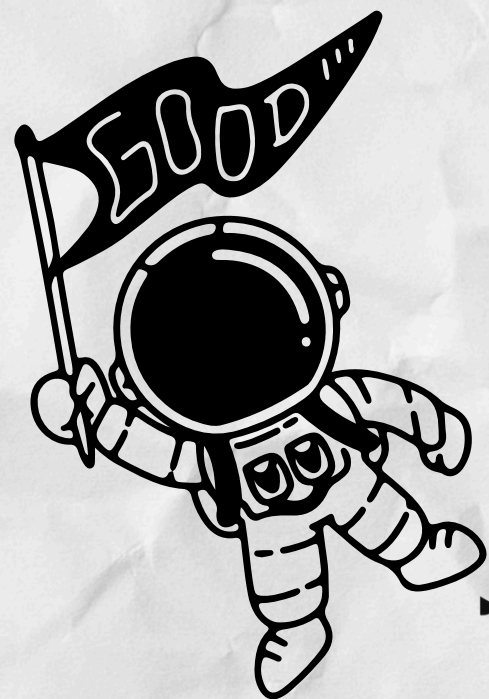

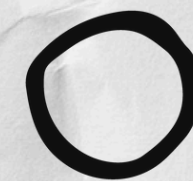

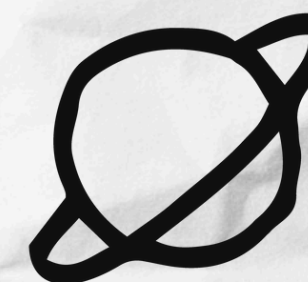

What would you take  
with you on a trip to  
space?

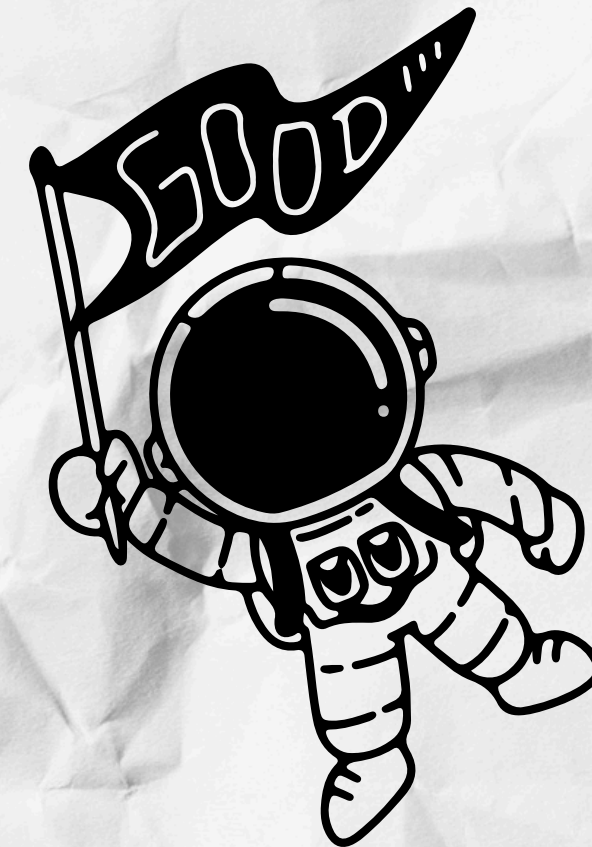

• What do you think you  
can do on a space  
holiday?

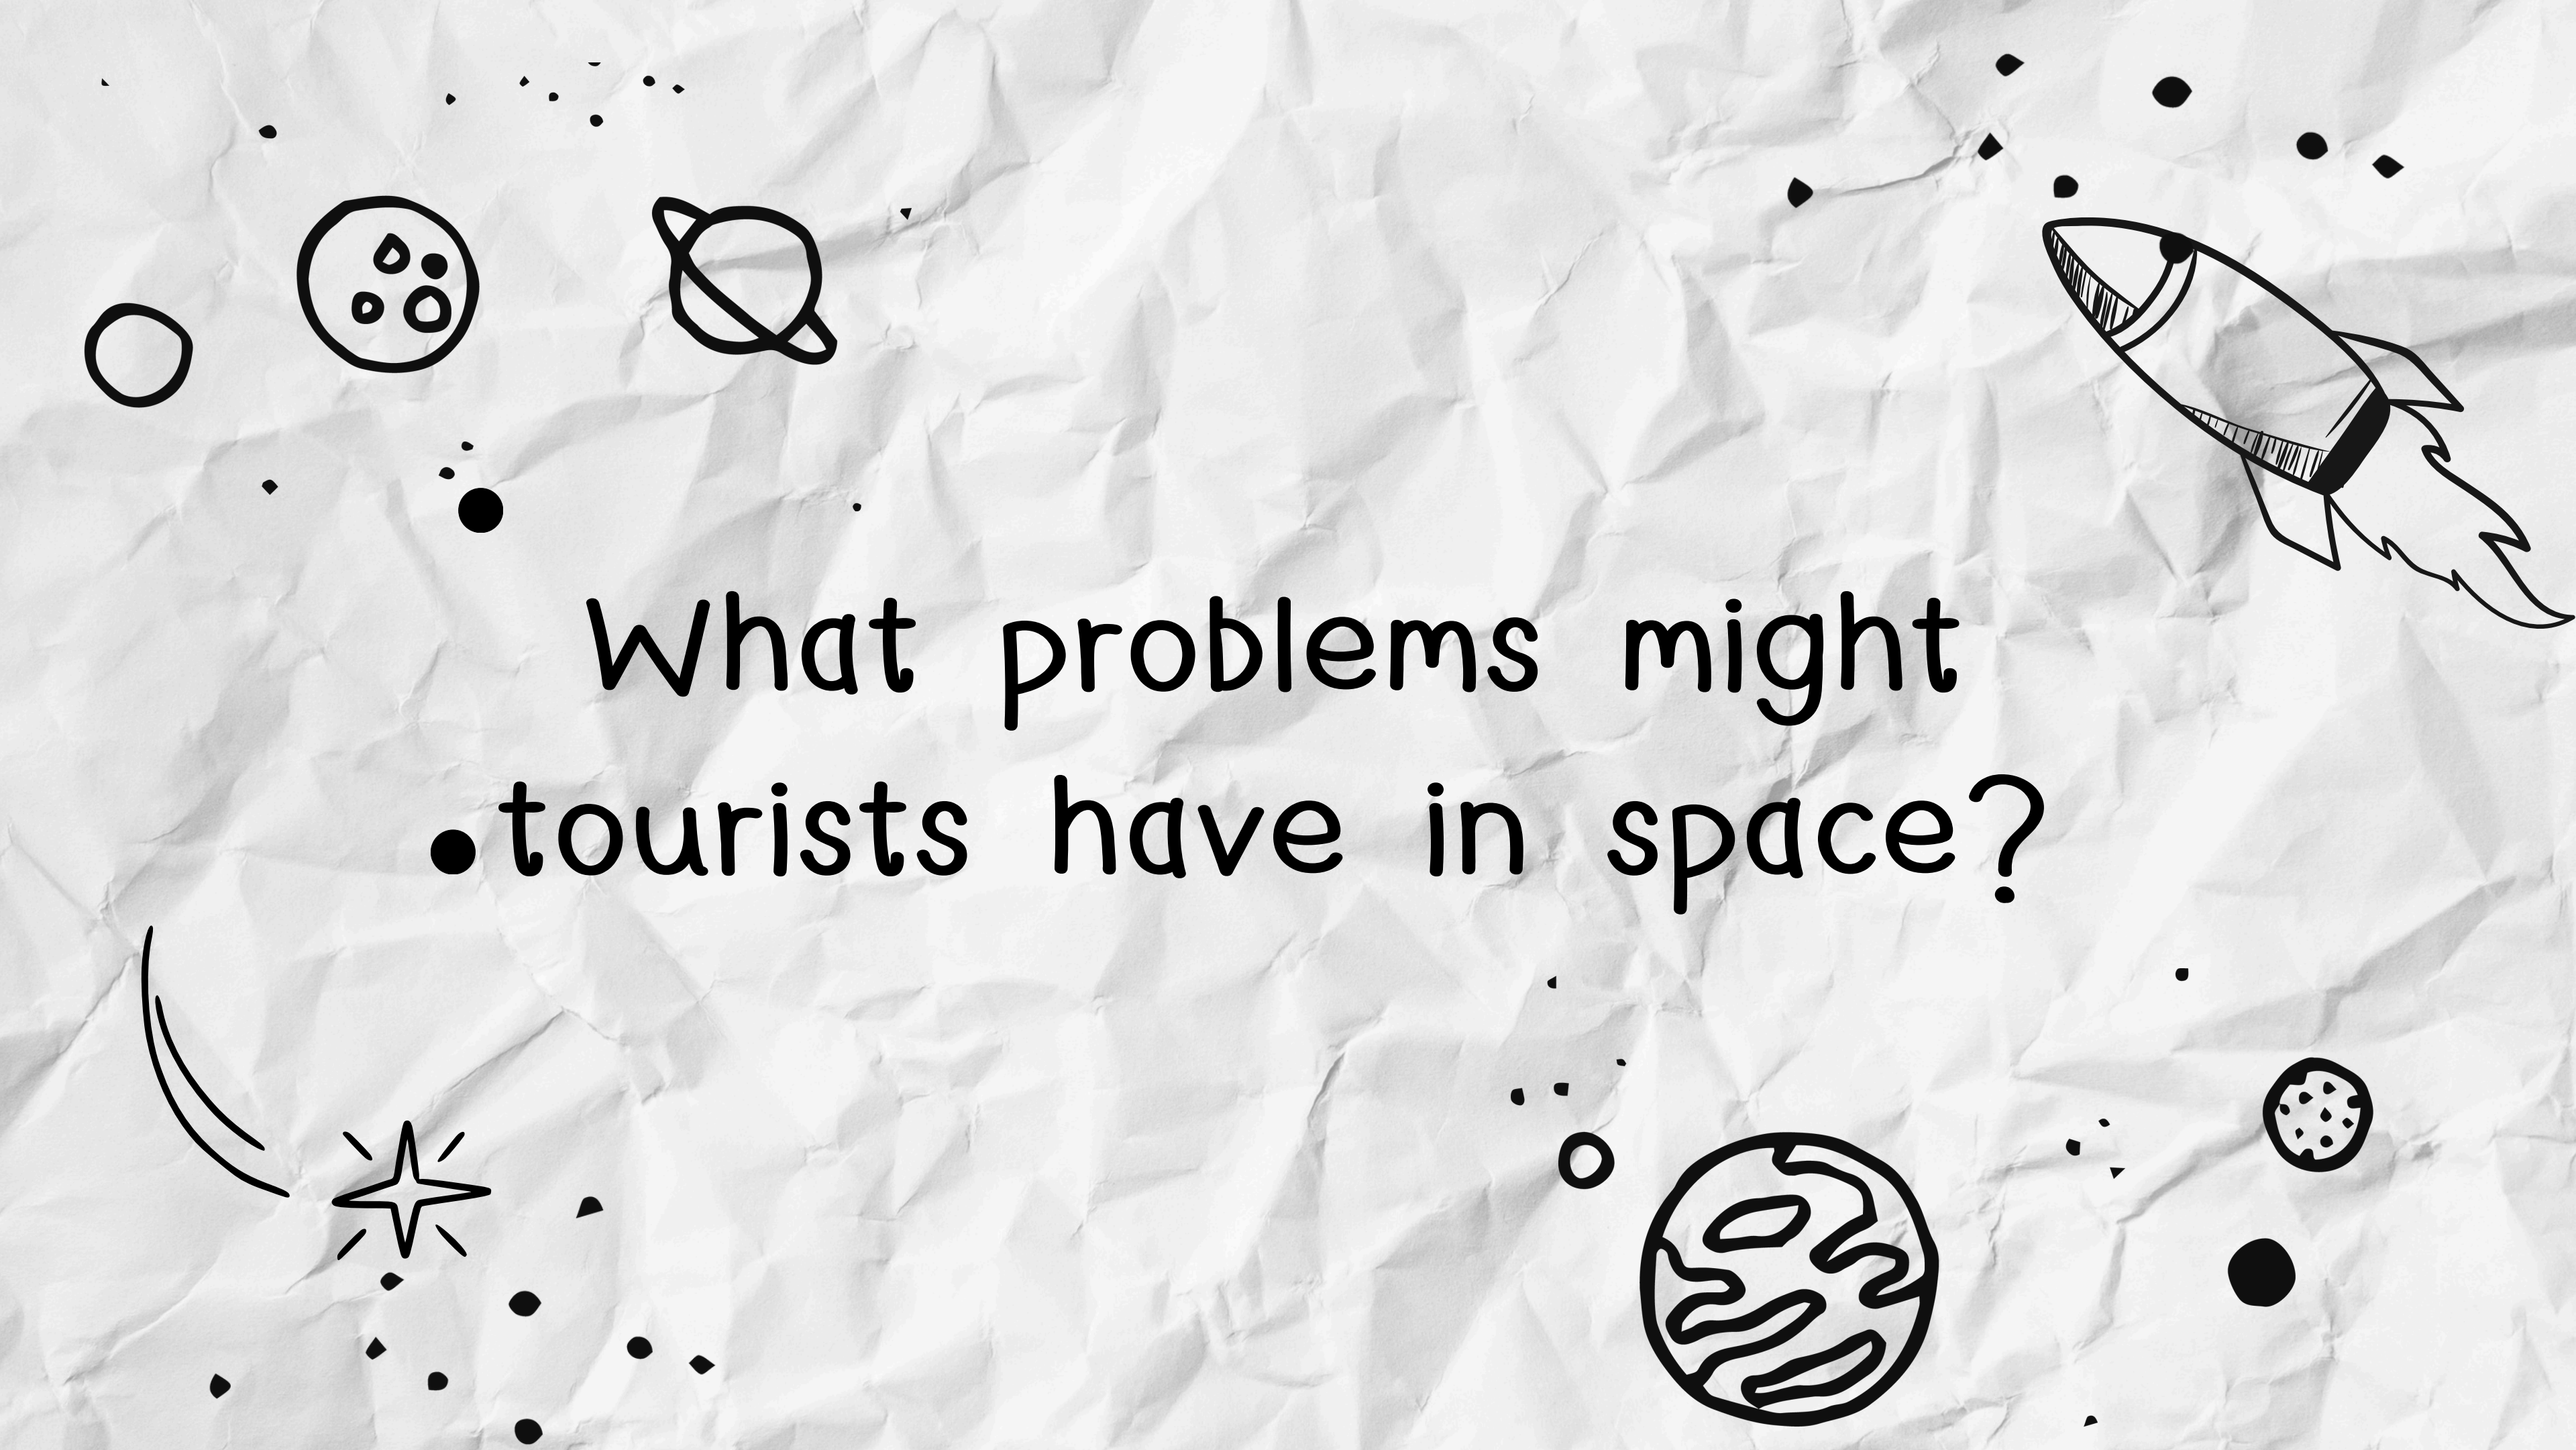

- Do you think space tourism is safe?
- Why or why not?

The background is a piece of crumpled white paper. Scattered around the central text are several hand-drawn black ink illustrations of space-related objects: a ringed planet (like Saturn) in the upper left, a rocket ship with a flame trail in the upper right, a crescent moon on the left, a five-pointed star with radiating lines in the lower left, and a planet with wavy lines (representing oceans) in the lower right. There are also various small circles and dots of different sizes scattered throughout, representing stars or distant planets.

What problems might  
• tourists have in space?
