# Introduction

**Welcome to the Q1 2025 Spin Charts report, a collaborative effort by Easygo, Stake, produced exclusively for NEXT.io.**

This report offers exclusive insights derived directly from Stake's extensive player data collected between January and March 2025, providing a detailed and authoritative look at game performance based on bets and wagers.

Spin Charts is an industry-first initiative spearheaded by Easygo Group, designed with the core objective of enhancing transparency within the iGaming sector.

By sharing this robust dataset, the aim is to lower the barrier to entry for smaller studios and creators, offering unprecedented visibility into actual player engagement trends.

The broader vision is to cultivate a more open ecosystem, leveraging the power of the Stake Engine; a next-generation Remote Gaming Server (RGS) built to give developers the tools, infrastructure, and audience to succeed on their terms.

Understanding real-world player preferences and market dynamics is paramount in the fast-evolving iGaming landscape.

This report is compiled to illuminate the top-performing games and identify the emerging titles that successfully captured player attention throughout the first quarter of 2025.

Drawing upon the unique data insights provided by Stake and presented through the collaborative lens of Easygo and NEXT.io, this report offers a valuable perspective on current trends and serves as a crucial resource for informing strategic decisions across the industry.

We hope that this report serves as a valuable resource for understanding market dynamics and driving future success in the iGaming industry.

**- Brais Pena (Chief Strategy Officer, Easygo) & Pierre Lindh (Managing Director, NEXT.io)**

# Before We Get Started

We'd really appreciate your feedback on the Spin Charts reports, so that we can improve these for you in future editions.

As you explore the data, take a moment to let us know what worked for you, and where you'd like to see more detail or insight next time.

Your feedback helps us make this report more useful, more relevant, and more aligned with what the industry actually needs.

→ **Take the Survey**

Thank you!
