1ST INTERNATIONAL RAILWAY INDUSTRY AND INFRASTRUCTURE EXHIBITION

The first major event related to the railway industry and infrastructure has just enriched the event landscape in Algeria.

Presentation

The first major event related to the railway industry and infrastructure has just enriched the event landscape in Algeria.

ALGERIA RAIL EXPO, as it is called, is a unique exhibition that will serve as a meeting point for decision-makers, industrialists, builders, managers, and all the stakeholders in the railway value chain and supply network.

ALGERIA RAIL EXPO presents an exceptional opportunity for companies to position themselves in a growing market and allow all participants and professionals to discover the latest technological innovations and the most advanced solutions in the railway sector.

ALGERIA RAIL EXPO also features a rich program of associated events: CONFERENCES, B2B MEETINGS & TECHNICAL SEMINARS.
