

PRAYER LIST
TO BE USED AS ADDENDUM TO THE LITANY

For the Revival, Reform, and Restoration of our peoples and churches:

-For Our Lord to bring about a revival of Christendom, a Reformation of our cultures away from their love of sin, and a Restoration of the sovereignty of nations.

Especially do we remember:

- The Christian Church at large.
- The European peoples.
- The men and women of Orania.
- All Western governments, which at length are oppressing their own.

Lord Have Mercy

For the strengthening of our people in their struggle against sin:

For those who suffer under the temptation to reoffend our Lord by whatever sins they are “addicted” to committing, whether this be drunkenness or pornography use or gossip or any other sin, Lord have mercy on us and grant us all strength!

Lord Have Mercy

For the faith of our people, that we may confidently embrace our Lord's plan:

For all of our people, that those who believe may have higher morale, be strengthened in their walk with our Lord, that those who are forgiven may be constant in their rejoicing, that those called to serve may be made fruitful and strong, and that those tormented by the devil and the world may stand strong against them.

Especially do we remember:

- Wonder (for endurance in the faith, which is under testing)
- Edward
