Authorised J Saleam 725 Princes Hwy Tempe 2044 Printed by Print Solutions 12 Casino St Eastlakes 2018

"National Action is, of course, the organisation which is at the forefront of the current campaign of race hatred directed against Indo-Chinese immigrants.
The national organiser of National Action and before that, of the National Alliance and the Progressive Nationalist Party, is a Mr Jim Saleam His attitude to non-white citizens, and to the political process generally, is perhaps best encapsulated.. (by) .. the capacity of such groups to infiltrate and influence movements that seem respectable and responsible to outsiders."
Arthur Gietzelt, ALP Senator, 1984
Gietzelt was almost certainly a secret member of the Communist Party and a likely spy.

"Speaking out is especially important when it comes to incitement to violence by White supremacists and extremists like Jim Saleam or Ismail al-Wahwah ... "
Jamie Parker, Greens MP, 17 September 2020
To compare Dr Saleam with a supporter of Islamist terrorism leaves us without words!

**Political leaders and commentators
smear and denounce Jim Saleam...
Because he fights for us !**

I have never feared the lies and misrepresentations of Australia's politicians, political police and media bosses. That they trot out labels against me like fascist, white supremacist, racist, violent, criminal and all the rest of it, shows what the globalist traitors who own and run our country fear – and who they are paid to oppose. It means I cannot be bought and cannot be turned, because I am an Australian nationalist who puts Australia first!

Dr Jim Saleam, candidate for Lindsay 2025

"I wish to raise my concerns about the potential entry of extremists into the local government area of Marrickville, the area I live in and represent.

On Saturday, 27 March there will be elections for council. In the south ward of Marrickville Council, Mr James Saleam, a notorious National Action figure...

I call upon all people of good will who support multiculturalism, in what is a most

multicultural electorate ... not to have any truck with

openly fascist people such as James Saleam ... In

Marrickville we take great pride in our support for multiculturalism and our support for tolerance and

diversity. There is no place on Marrickville Council for the likes of James Saleam."

Anthony Albanese, 22 March 2004

"... there are dark and sinister forces in Australia trading on prejudice and that these extremist organisations, such as National Action, are a serious threat to the social cohesion of our community. Their anti-Asian activities are also a threat to Australia's trade, tourism and investment interests. I say this in a completely non-partisan sense.... They are a danger to our social harmony and stability and they are a danger to Australia's standing in the eyes of the world."

Bob Hawke, 5 April 1989

"The National Action movement has been around for a long time. It purveys racial poison and hatred and I unreservedly condemn that kind of

intimidatory conduct."

John Howard, 7 December 1988

Howard, then Opposition Leader, was speaking up for an appointed-to-parliament Chinese MP who wanted to restrict freedom of speech to discuss immigration.

"National Action: Partial satisfaction of SOP 24/1990

... Saleam ... imprisonment."

ASIO Inter Office Secret Message Form

14 May 1991

Having a political-police operation designed to

imprison an Australian is a badge of honour.

The second part of SOP 24/1990 involved breaking the nationalist organisation, National Action! Democracy?

"That's outrageous"

Neville Ireland, corrupt Special Branch boss, 1989

Whilst under cross examination for fabricating evidence against Jim Saleam, The Royal Commission

into the police, 1996-7, found Ireland protected a (paedophile) toilet-flasher judge, perjured and stole

thousands of dollars from an informant's fund!

"... Senator Anning's Conservative Nationals would be (preferred) last except in seats which had 'even worse' candidates running like white supremacist Jim Saleam at the 18 May Federal Election."

Mathias Cormann, 19 April 2019

This ex Liberal minister, is now the Secretary-General of the OECD, a globalist policy forum / international organisation, that enslaves Australia to foreign capital.

"Jim Saleam... a criminal and a white supremacist..."

Eric Abetz in the Senate 11 Feb 2014

This Liberal hatchet man and 'conservative' opposes the nationalist ethos, whilst pretending he's a patriot.

"The history and positions of Jim Saleam are abhorrent and in direct contradictions with the values of a

decent society."

Crikey magazine 20 July 2018

Ultra liberals who shop our country overseas.

"Jim Saleam..(is) a racist an extremist, a criminal, a

fraudster and a bigot ... He has attacked churches,

houses and people ... He has spread hateful propa-

ganda on other races calling them the major enemy of

the Australian people and that it is a matter which is

certain to be decided by guns through national war and

possibly civil war. This man is not fit to stand for public

office as the candidate for Cootamundra."

John Barilaro, Nationals leader, September 2017

Barilaro was a close friend and ally of Daryl Maguire, Riverina Liberal MP, an economic Asianizer and China

ally and major criminal. Maguire was captured on film

soliciting bribes.

"I wouldn't interview that bastard again if he was the

last man on earth"

Ray Martin, March 1984

Television host Martin was an able propagandist for

the overseas student program which deprives our

children of education and jobs. Saleam ambushed him

on lunchtime television.
