READING

READING PART 1

Anna and her brother Lou visited a farm. They were thrilled because they had never seen farm animals up close before. The first (1) they encountered were sheep. Lou was surprised to learn that the wool from these (2) is used to make clothes such as sweaters and scarves. Next, they went to the chicken coop. Anna noticed a (3) sitting on a nest of eggs. The farmer explained that the (4) would hatch in about three weeks. Lou curiously asked if the chicks would resemble their father or mother. The (5) laughed said they might look like both. Then, they headed to the barn, where they met a friendly cow. Anna was amazed to learn that this (6) could produce up to 30 liters of milk. Before leaving, the children bought some milk and eggs and then returned home, happy with their visit.
